CRYSTAL BEACH

Open Floor:

Restructuring of Town Committees

The Commission is in agreement that providing the umbrella for selected community groups is acceptable. The discussion included concerns about the expectation of these groups would have on organization responsibilities for different events. The members agreed that we could not take on more work given our skeleton group. Another area of discussion was having the point persons of individual activities be members of the Commission. There would be no obligation to attend regular monthly meetings, but their attendance would be expected during the organizational period for the events. This would keep the Commission informed.

THINGS TO WORK ON

- Send out promotion for basketball program
- Brainstorm early release youth activities
- Brainstorm questions for late fall activities survey – All

Ideas to pursue:

- Involve CVS Student Voice group in new programming ideas – M. Hardt

Next Meeting:

January 5, 2020 --Town Office: 5:30
