REGIONAL PLANNING AND
DEVELOPMENT
§ 4412 Required provisions and
prohibited effects

Universal Citation: 24 V.S.A. § 4412(2) = EXISTING SMALL LOTS

§ 4412. Required provisions and prohibited effects

Notwithstanding any existing bylaw, the following land development provisions shall apply in every municipality:

(1) Equal treatment of housing and required provisions for affordable housing.

(A) No bylaw nor its application by an appropriate municipal panel under this chapter shall have the effect of excluding housing that meets the needs of the population as determined in the housing element of its municipal plan as required under subdivision 4382(a)(10) of this title or the effect of discriminating in the permitting of housing as specified in 9 V.S.A. § 4503.

(B) Except as provided in subdivisions 4414(1)(E) and (F) of this title, no bylaw shall have the effect of excluding mobile homes, modular housing, or prefabricated housing from the

municipality, except upon the same terms and conditions as conventional housing is excluded. A municipality may establish specific site standards in the bylaws to regulate individual sites within preexisting mobile home parks with regard to distances between structures and other standards as necessary to ensure public health, safety, and welfare, provided the standards do not have the effect of prohibiting the replacement of mobile homes on existing lots.

(C) No bylaw shall have the effect of excluding mobile home parks, as defined in 10 V.S.A. chapter 153, from the municipality.

(D) Bylaws shall designate appropriate districts and reasonable regulations for multiunit or multifamily dwellings. No bylaw shall have the effect of excluding these multiunit or multifamily dwellings from the municipality.

(E) No bylaw shall have the effect of excluding as a permitted use one accessory dwelling unit that is located within or appurtenant to an owner-occupied single-family dwelling. An accessory dwelling unit means an efficiency or one-bedroom apartment that is clearly subordinate to a single-family dwelling, and has facilities and provisions for independent living, including sleeping, food preparation, and sanitation, provided there is compliance with all the following:

(i) The property has sufficient wastewater capacity.

(ii) The unit does not exceed 30 percent of the total habitable floor area of the single-family dwelling.

(iii) Applicable setback, coverage, and parking requirements specified in the bylaws are met.

(F) Nothing in subdivision (1)(E) of this section shall be construed to prohibit:

(i) a bylaw that is less restrictive of accessory dwelling units;

(ii) a bylaw that requires conditional use review for one or more of the following that is involved in creation of an accessory dwelling unit:

(I) a new accessory structure;

(II) an increase in the height or floor area of the existing dwelling; or

(III) an increase in the dimensions of the parking areas.

(G) A residential care home or group home to be operated under state licensing or registration, serving not more than eight persons who have a handicap or disability as defined in 9 V.S.A. § 4501, shall be considered by right to constitute a permitted single-family residential use of property, except that no such home shall be so considered if it is located within 1,000 feet of another existing or permitted such home.

(2) Existing small lots. Any lot that is legally subdivided, is in individual and separate and nonaffiliated ownership from surrounding properties, and is in existence on the date of enactment of any bylaw, including an interim bylaw, may be developed for the purposes permitted in the district in which it is located, even though the small lot no longer conforms to minimum lot size requirements of the new bylaw or interim bylaw.

(A) A municipality may prohibit development of a lot if either of the following applies:

(i) the lot is less than one-eighth acre in area; or

(ii) the lot has a width or depth dimension of less than 40 feet.

(B) The bylaw may provide that if an existing small lot subsequently comes under common ownership with one or more contiguous lots, the nonconforming lot shall be deemed merged with the contiguous lot. However, a nonconforming lot shall not be deemed merged and may be separately conveyed if all the following apply:

(i) The lots are conveyed in their preexisting, nonconforming configuration.

(ii) On the effective date of any bylaw, each lot was developed with a water supply and wastewater disposal system.

(iii) At the time of transfer, each water supply and wastewater system is functioning in an acceptable manner.

(iv) The deeds of conveyance create appropriate easements on both lots for replacement of one or more wastewater systems, potable water systems, or both, in case there is a failed system or failed supply as defined in 10 V.S.A. chapter 64.

(C) Nothing in this subdivision (2) shall be construed to prohibit a bylaw that is less restrictive of development of existing small lots.

(3) Required frontage on, or access to, public roads, class 4 town highways, or public waters. Land development may be permitted on lots that do not have frontage either on a public road, class 4 town highway, or public waters, provided that access through a
