Re: Castleton Police Department's new cruiser order request

I have put together a itemized cost for a new 2022 Police Cruiser package including all of the emergency equipment. As you know I have a (2) year cruiser ordering cycle and this year is part of that cycle. In 2019 I ordered the 2020 cruiser which is part of Castleton PD's public safety inventory. My inventory includes the following:

2013 Ford Taurus - Constable Si Loomis' vehicle
2015 Ford EXP - CPD (assigned to one officer) with 128,000 miles
2017 Ford EXP - CPD (Chief's vehicle) with 111,000 Miles
2018 Ford EXP - CPD (assigned to two officers) with 86,000 miles
2020 Ford EXP - CPD (assigned to one officer) with 24,000 miles

The 2015 Ford EXP is the vehicle that will be taken off line. The new cruiser will be assigned to me and I will reassign the 2017 to the officer that had the 2015. I will research a retail value for the 2015 vehicle.

Enclosed in the packet is the State fleet price and the cost for equipment designated for the new 2022 Ford EXP.

The Vermont State Fleet price for a 2022 Ford EXP is \$35,504. This is the police package vehicle with the same package that exists in rest of the fleet.

The lighting equipment, weapons racks, push bar, a new cage (70/30), siren speaker, and new console for the communication/siren controls total an additional \$12,896.98.

The radios, radar, car video system, and other equip will be put in the 2022 vehicle. The car video system is new and was purchased from an equipment grant. The lighting system is not covered by the equipment grant.

My capital reserve equipment line item has \$26,750.

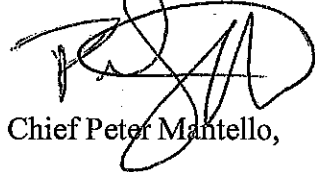

The total cost for the 2022 Ford EXP police package is \$48,400.98

Subtract the capital reserve funds and the total is \$21,650.98

The retail Kelly Blue book price range for the 2015 EXP is \$7,500 to 12,000.

Since I don't have the capital reserve to cover the total cost of the vehicle, I want to lease the vehicle for (3) years and purchase the vehicle at the end of the lease.

Respectfully submitted,
