

Letter to the Town of Castleton
May 29, 2022

Hello, my name is Harley Morgan Adams and I am a resident of Castleton. I graduated from FHUHS in 2021, and have two brothers that have been to CVS and then FHUHS. My family and I moved here back in the summer of 2018. Throughout these years I've been around both of my brothers friend groups, most of whom are Castleton kids. I'm writing this to advocate for the CVS building to remain in town hands and be allowed use as a Rec building. Having personally known, and seen, the younger kids in and around the town, I dare say I have a good idea of what they would benefit from. If the youth of our town is happy and healthy and safe, won't everyone else be? Keeping CVS as a rec building would open so many avenues for kids and parents alike. Giving the space for adults to create an environment that kids can go to to hang out and be, well, recreational, would guarantee a thriving youth and town. If the kids have a place to go and be safe, adults can work worry free and not break their backs paying for childcare, or worry about their kids alone at home. It would be rather foolhardy of the select board to pass up on this opportunity. At this day and age I fully believe that many folks share the mentality of giving our children the best in their own hometown. Let's keep the CVS building in town hands, for the betterment of our kid's future.

-Harley Morgan Adams, Castleton Resident
